WOW UTO Starship Towable

- 103" x 103" x 33".
- This a BIG towable with a large, deep center crew cockpit for up to two riders and an outside deck radius that can fit at least 3 riders.
- The cockpit is deep enough to stand in and is for the more timid riders because there is very little chance of falling out.
- The outside deck is much more adventurous.
- On the outside the riders can stand, kneel or lay down.
- Each position on the outside deck has a large anti-slip EVA pad for traction.
- The floor of the central cockpit is a drop bottom which is what this tube mainly rides on.
- The drop bottom allows the tube to ride smooth and fast over the wake and in the turns and keeps the outside deck edge from digging into the water.

Airhead Double Action Pump

- Perfect for topping off towables.
- This double action pump inflates and deflates towables, kayaks, boats, airbeds, and other inflatables.
- It delivers a continuous stream of air on both the up and down strokes.
- Simply turn the release valve counter-clockwise and you're pumping air only on the down-stroke.
- This is a great option when your inflatable is almost full and there's back pressure.
- Four universal valve fittings are included to fit Boston valves and stem valves.
- The accordion-style hose stretches to 5 ft. long and interlocks to the pump, so that it doesn't fall off while you're pumping.
- Volume is 2 liters/stroke.
- Very effective for topping off large towables in the boat, since peak pressure is an impressive 14 psi.
